RUDRA DAVE

Aspiring Java Full Stack Developer

GitHub: rudra1546
LinkedIn: rudradave1546

Aspiring Java Full Stack Developer and Information Technology student currently learning Java, Spring Boot, React, MySQL, and Git. Building practical projects to improve full-stack development skills, understand real-world application structure, and strengthen problem-solving through continuous hands-on practice.

SKILLS

Languages	Java, JavaScript, Python, C++
Frontend	React.js, HTML5, CSS3, Tailwind CSS
Backend	Spring Boot, Spring MVC, Hibernate, REST APIs
Database	MySQL, H2 Database
Tools	Git, GitHub, Maven, STS, Eclipse, IntelliJ IDEA, VS Code, Postman
Concepts	OOP, MVC Architecture, CRUD Operations, Responsive Design
Communication	English, Hindi, Gujarati

TECHNICAL EXPERIENCE

React Development Training Intern

May 2026 — June 2026

StackCode Training Institute

Ahmedabad, Gujarat

- Learning and building frontend applications using React.js, JavaScript, HTML, CSS, and modern component-based development.
- Practicing React concepts including components, props, hooks, routing, forms, validation, and state management.
- Building mini projects and improving GitHub workflow using Git and GitHub.

PROJECTS

Student Database Management System

Technologies: Java, OOP, File Handling, IntelliJ IDEA

- Developed a Java console-based application to manage student records.
- Implemented CRUD operations for adding, viewing, updating, and deleting student details.
- Used object-oriented programming concepts such as classes, objects, and encapsulation.
- Applied file handling to store and manage student data persistently.

Spring MVC JSP Demo

Technologies: Java, Spring MVC, JSP, Maven, STS

- Built a Java web application demonstrating the Model-View-Controller architecture.
- Created controller mappings to handle web requests and render JSP views.
- Practiced server-side page rendering, form handling, and project structure using Spring Tool Suite.

Weather Application

Technologies: React.js, JavaScript, API, CSS

- Developed a React-based weather application using external weather API integration.
- Implemented search functionality to display weather data dynamically based on user input.
- Used React hooks and component-based structure for better code organization.

Portfolio Website

Technologies: React.js, Vite, Tailwind CSS, GitHub

- Designed and developed a personal portfolio website to showcase skills, projects, and contact information.
- Built responsive UI sections including About, Skills, Projects, Currently Learning, and Contact.
- Used GitHub for version control and project management.

EDUCATION

Bachelor of Engineering in Information Technology, LDRP Institute of Technology and Research, Gandhinagar

2023 – 2027

Relevant Coursework: Data Structures, Object-Oriented Programming, Database Management Systems, Software Engineering, Web Development

CERTIFICATIONS & ACHIEVEMENTS

- Introduction to Data Structures – NPTEL / SWAYAM
- Git & GitHub: Working with Git Repositories
- C++ Programming Certificate
- Improve Code Quality with Amazon CodeGuru Reviewer
- Python Certification
- Actively building projects using Java, Spring Boot, React.js, and MySQL
